What is Forex?

As a single word 'Forex' does not exist in any dictionary of English language but forex is very familiar name today for every economy because of its need, popularity, potential and big scene of trading.

Forex Means

Basically we mean the 'Forex' as '**Foreign Exchange**'

Foreign Exchange

The term '**Forex**' stands for Foreign Exchange. **Forex** trading in simple terms is the trading in currencies from different countries against each other; for example the US Dollar against the Euro.

WHY FOREX?

In the Pandemic situation like Covid -19, where we were helpless and hopeless

During this time entire business came to an halt

No factories, no industries, no shops no schools, no institutions were functioning

No offices. Attrition rate was on its peak, no salaries, people were fired left right and center.

We were force to stay in our houses.

In this situation only **FOREX market was working**
